RogueFi WhitePaper

Introduction

RogueFi Token DeFi Staking Reward, Payment & utility Token. No Memes no jokes, just dedicated developers working with proven tech to create the best Financial solutions.

With practical applications in gaming, advertising and many other niches, rogue token is yet another easy way to pay for things online within the cardano ecosystem.

Rogue, stands for the people, in an age where our data & lives are being sold to the highest bidder, where our voices are being squashed in a hypersensitive world.

Where the big Guy always wins and the little guy is left to feed on the scraps. Rogue is not a rebel it's a solution to problem no one has an answer to.

Rogue allows people to take back their lives and identity and forge there own path with aid to help them create their own business.

Rogue is the spirit of Mate ship embodied into a Token.

Rogue Mission

RogueFi Has a simple mission, help the little Guy.

There's an old saying...

"Give A Man A Fish He Will Eat For A Day. Teach A Man To Fish He Will Eat For The Rest Of His Life."

To turn this concept to reality RogueFi wants to aid disadvantaged families around the world, Rogue Wants help them start businesses in their local area with the skills they already have or help them get further education so they can then start their own business on their own terms.

Everybody has the right to work as their own boss and walk their own path.

Rogue wants to help as many people as they can that wouldn't normally be able to get funding or aid to start a small business.

Be it geographical location, Low Credit Score or lack of skills and financial backing, Rogue Plans To Empower The Downtrodden.

Technical Details

RogueFi aims to integrate ROGUE within advertising, gaming, media sharing platforms, eCommerce and income opportunity websites. This will Give Rogue Utility as a payment token.

Rogue will strive to Build partnerships & systems To aid people to start a business in their local area based on their skill set.

With this mission Rogue plans on building a DAO, this will enable ROGUE holders to vote on business proposal submissions from worthy applicants.

These proposals if granted will then be funded from the RogueFi Trust Treasury. The treasury has 40% of the total supply of rogue.
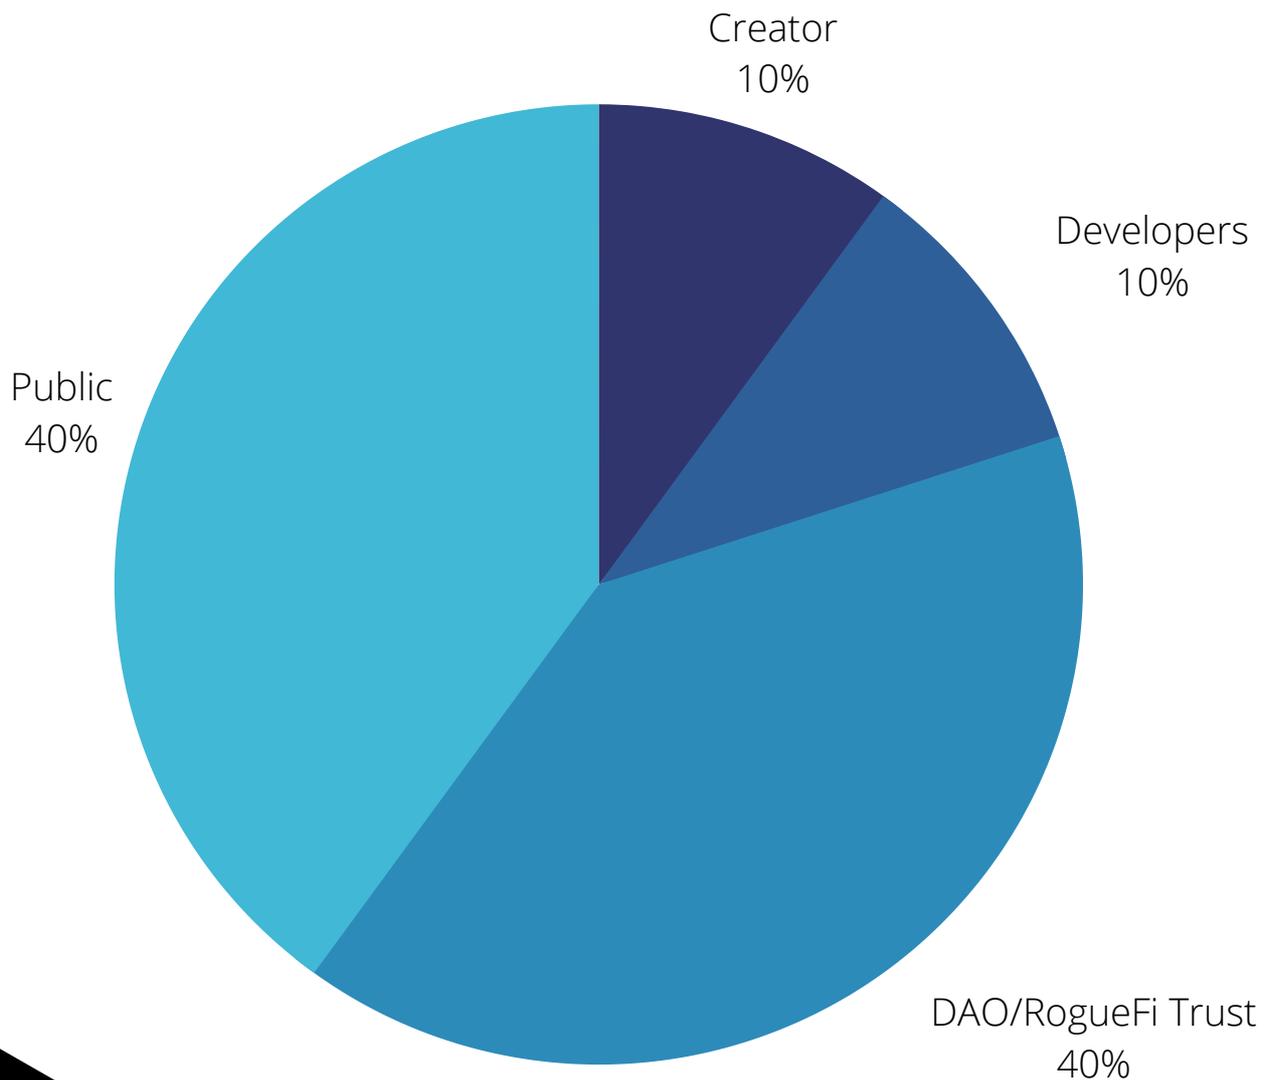

Rogue Will also be distributed as a staking reward with select stake pools, Faucets, other website integrations & of course it will be available for purchase on participating DEX's
